Regan National airport is the easiest destination to link up to the hotels and venue through the Metro system. If you come into Dulles or Baltimore, the National Academy of Sciences suggests using taxis.

The Hall of the States Building is directly across the plaza from Union Station. It is within easy walking distance of the U.S. capitol and the museums and monuments on the Mall.

Metro Directions:

Take the Red Line to Union Station. Exit Union Station to the front of the building. Head right on Massachusetts Avenue for less than one block and take a left onto North Capitol Street (heading towards the U.S. Capitol). The building is on your right at 444 North Capitol Street (see map below).

Important Note: The Hall of the States Building has security, and therefore checks visitors against the list of participants. Please register, so that your name is in the participants' list.
