

3C222 3 patterns. Avg pols and baseline. rms spc: 0.006 K

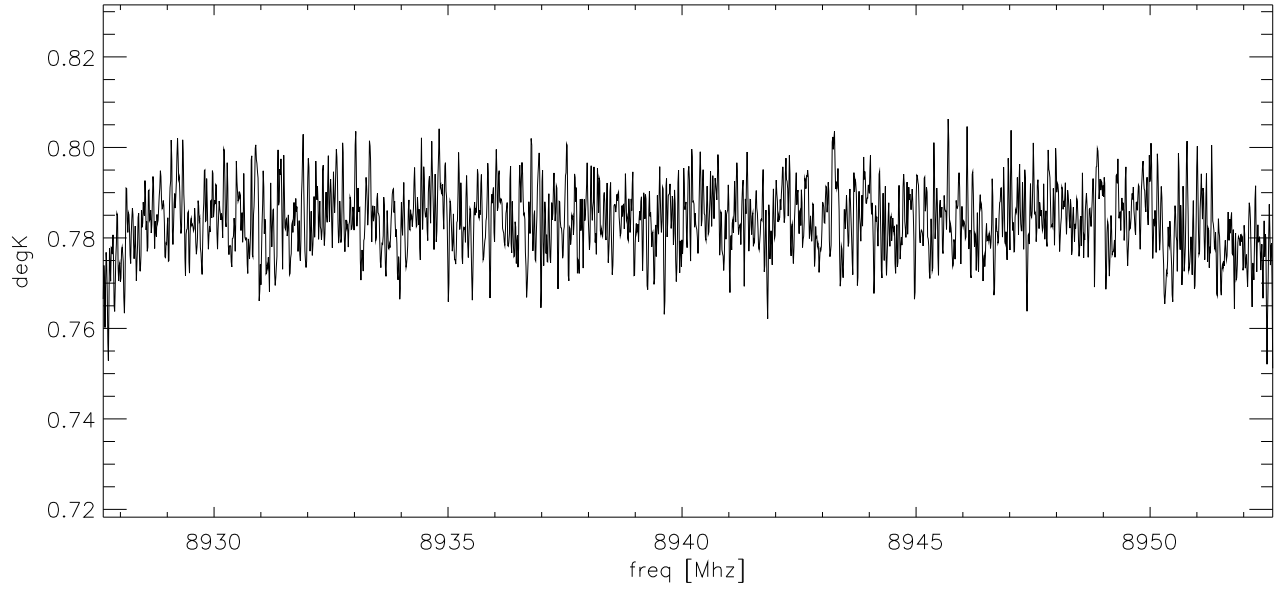

polA,polB before polAvg and baselining

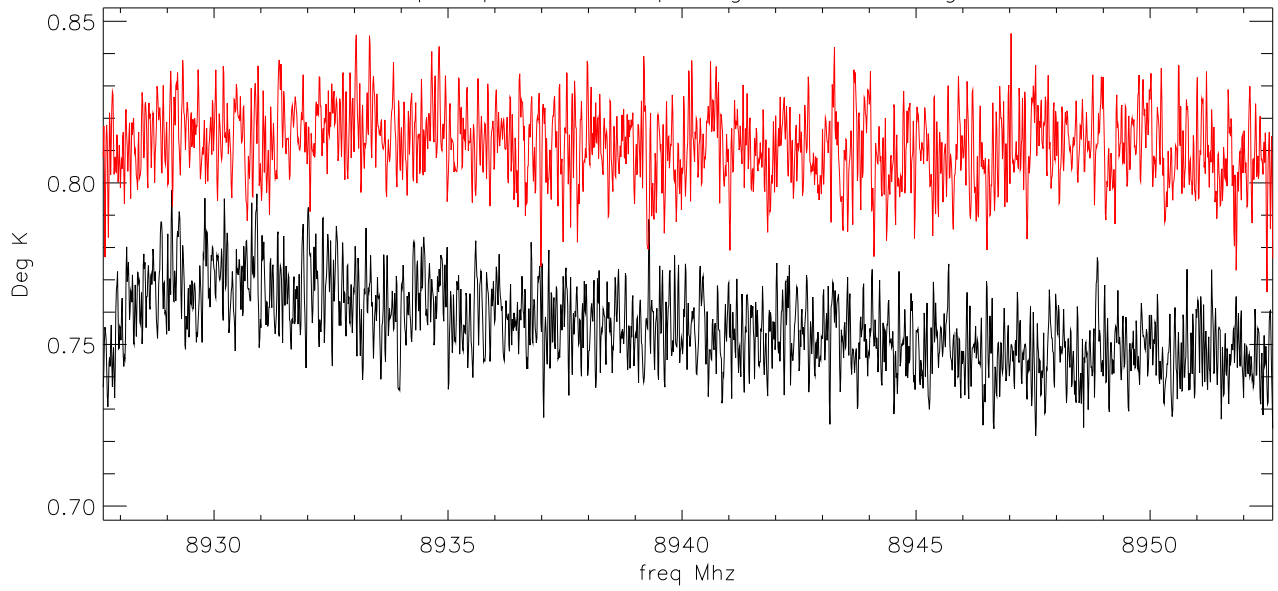

rms/mean (along freq channel) for each pattern (overplotted)

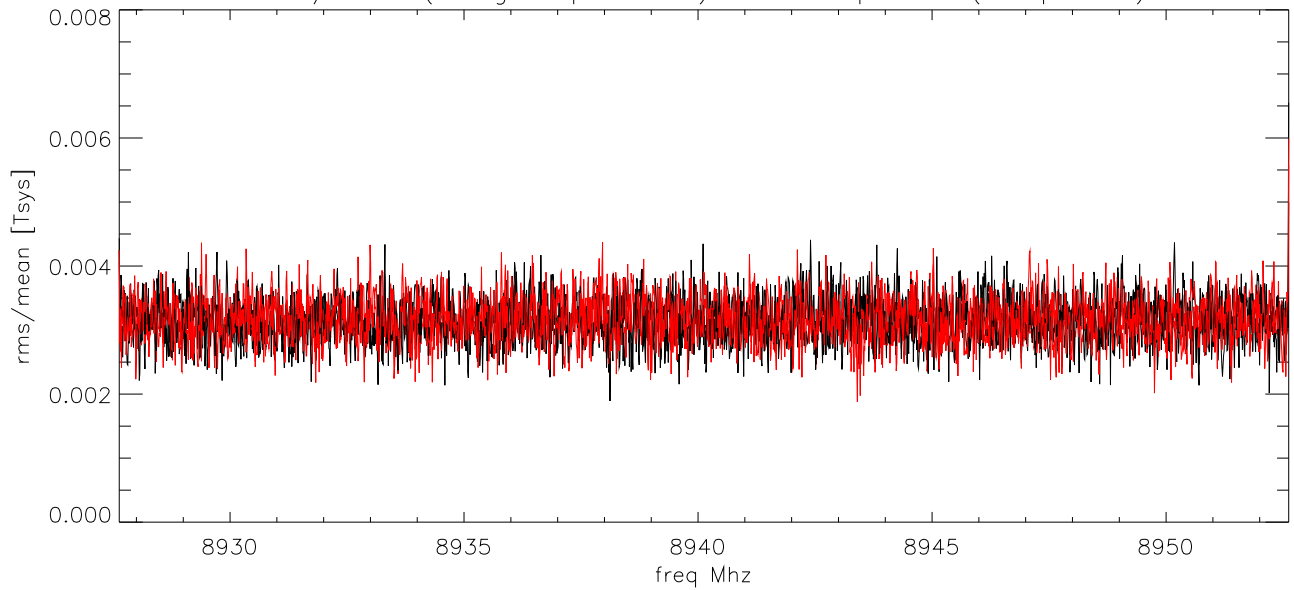

3C230 2 patterns. Avg pols and baseline. rms spc: 0.007 K

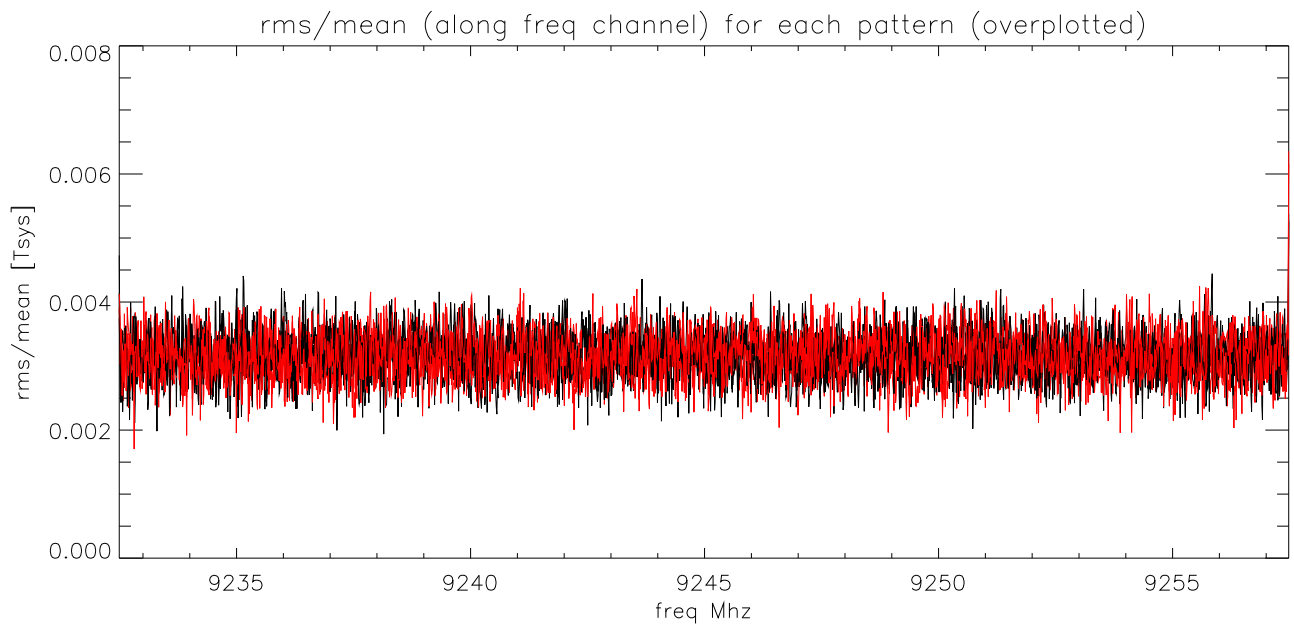

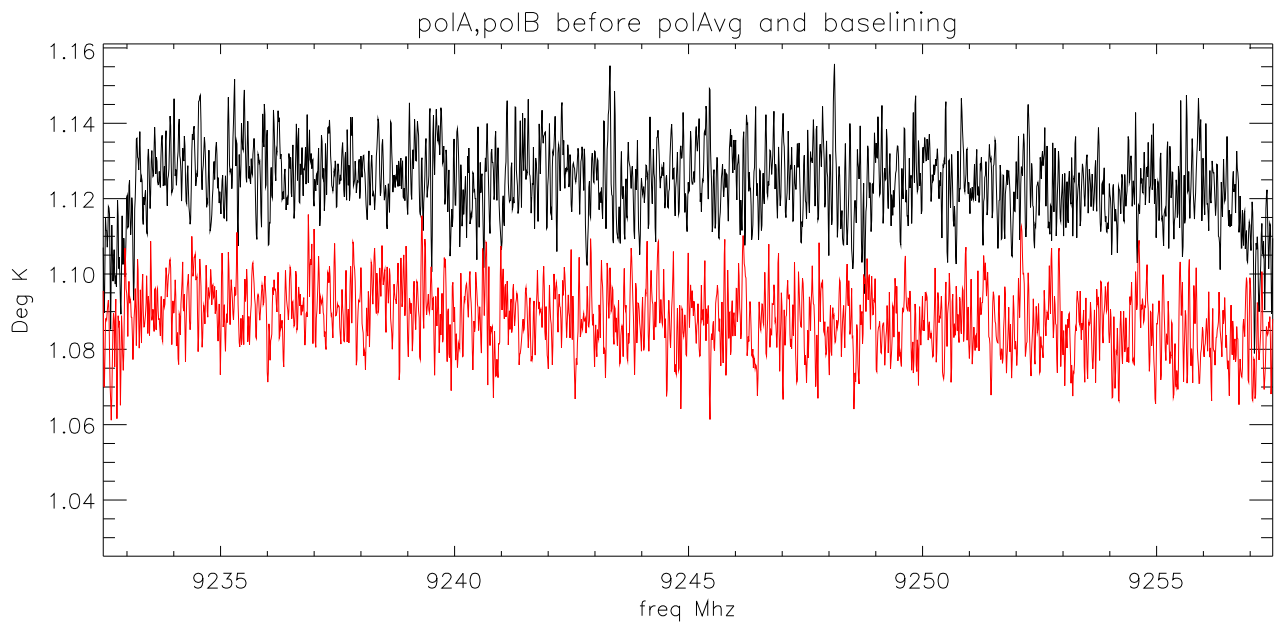

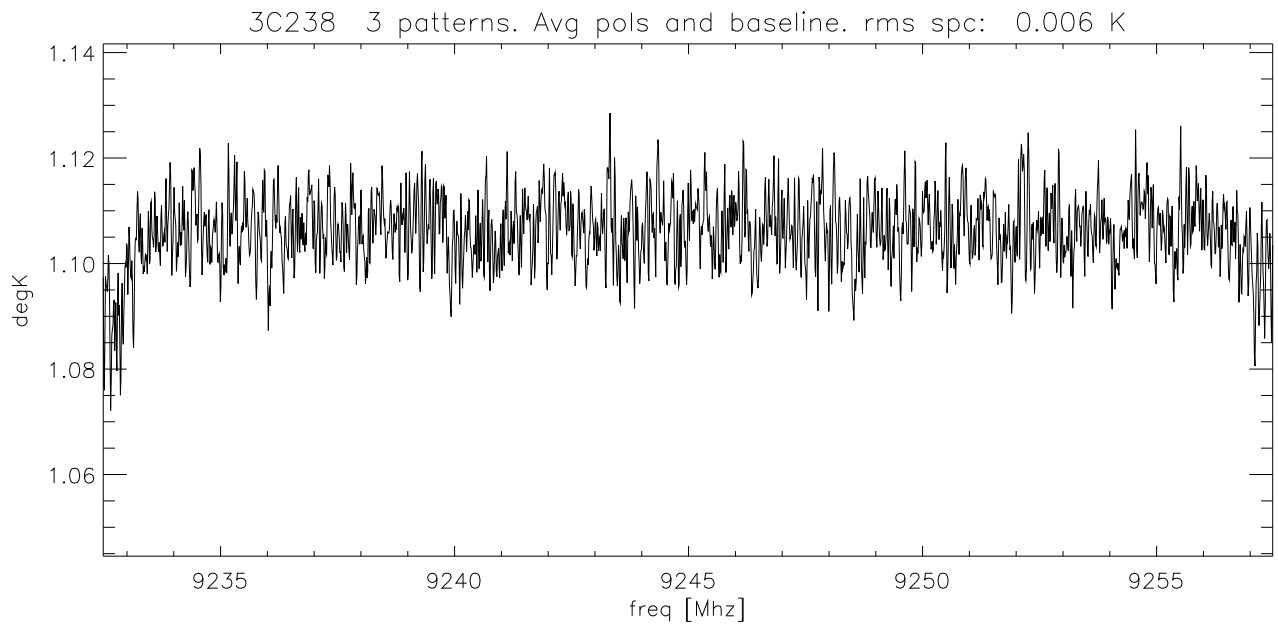

polA,polB before polAvg and baselining

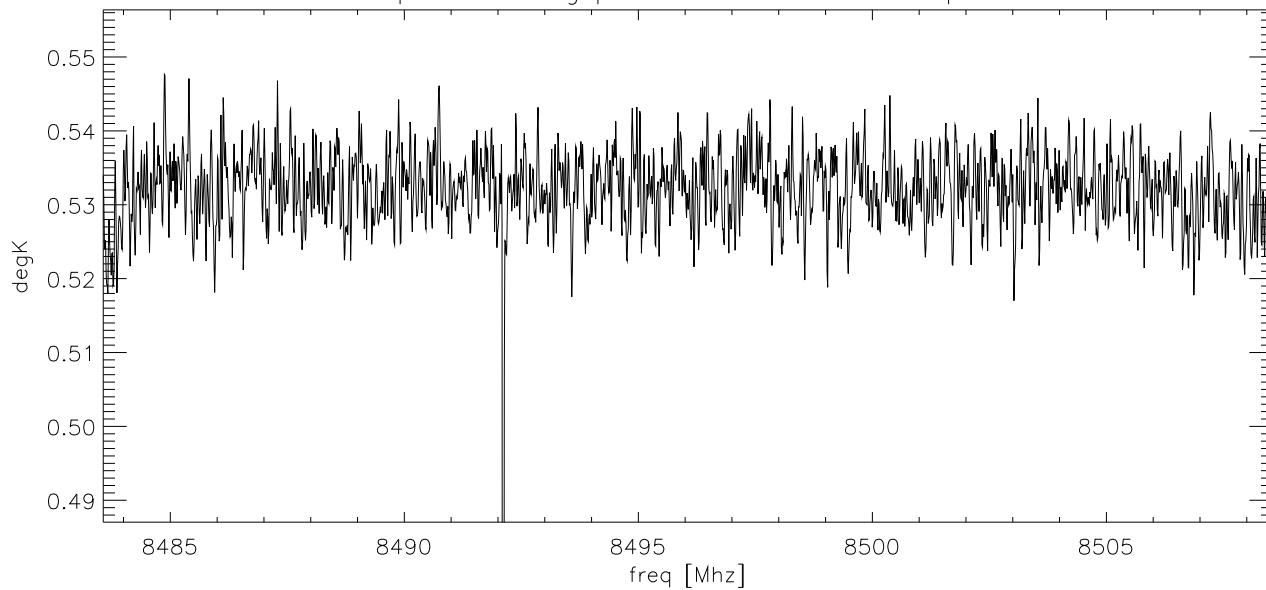

rms/mean (along freq channel) for each pattern (overplotted)

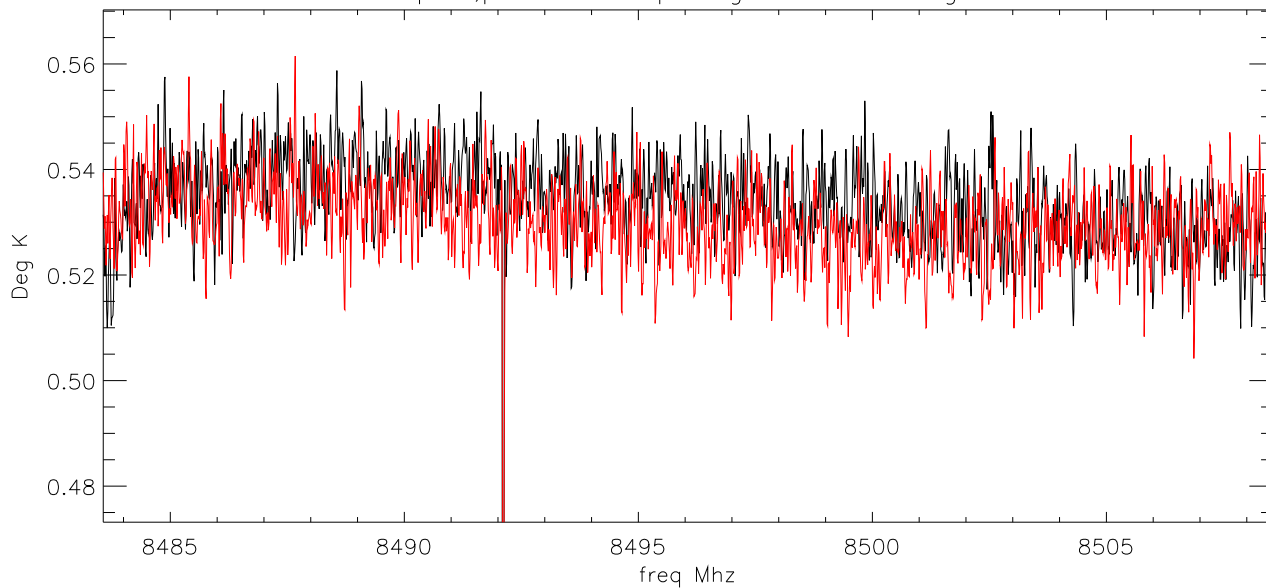

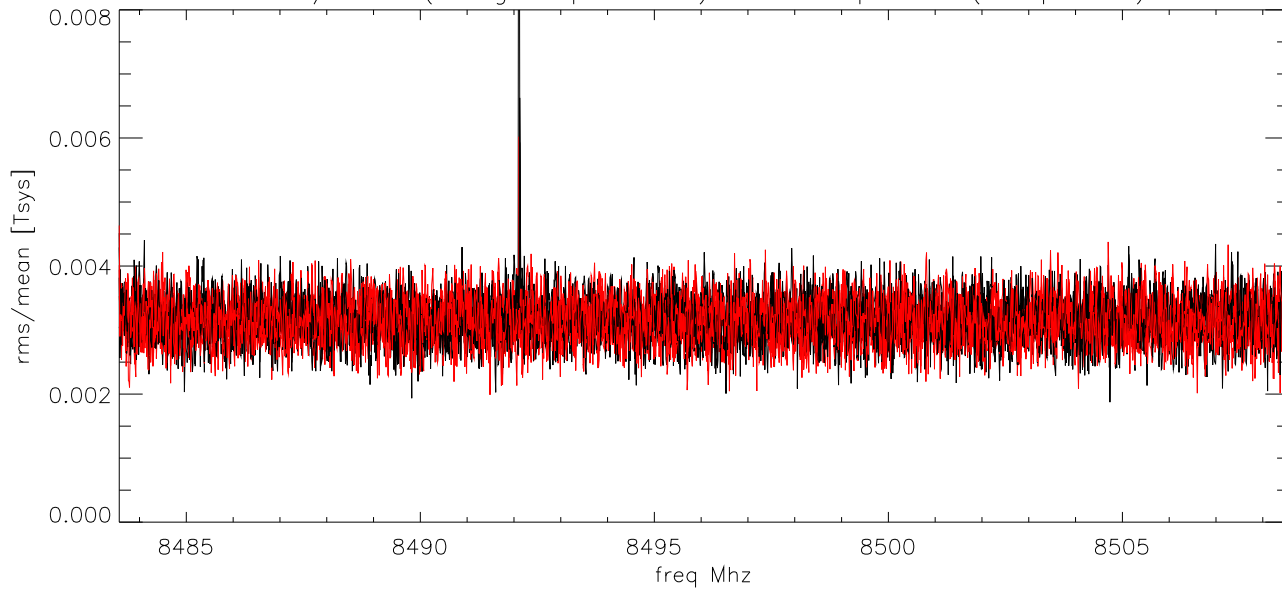

3C241 4 patterns. Avg pols and baseline. rms spc: 0.004 K

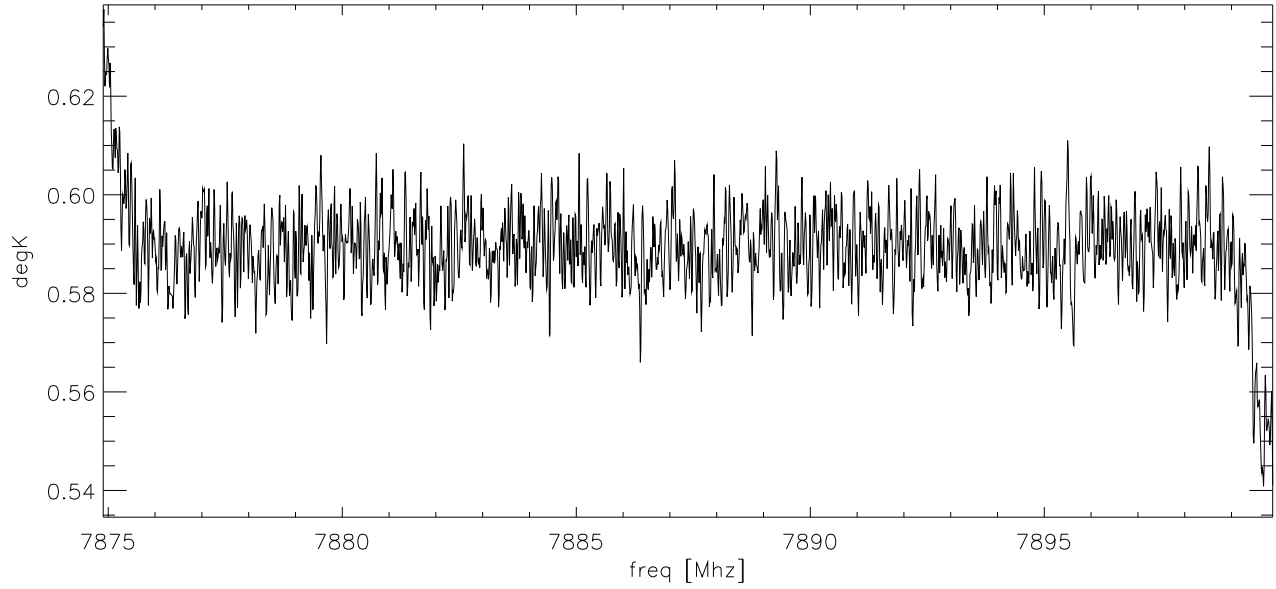

polA,polB before polAvg and baselining

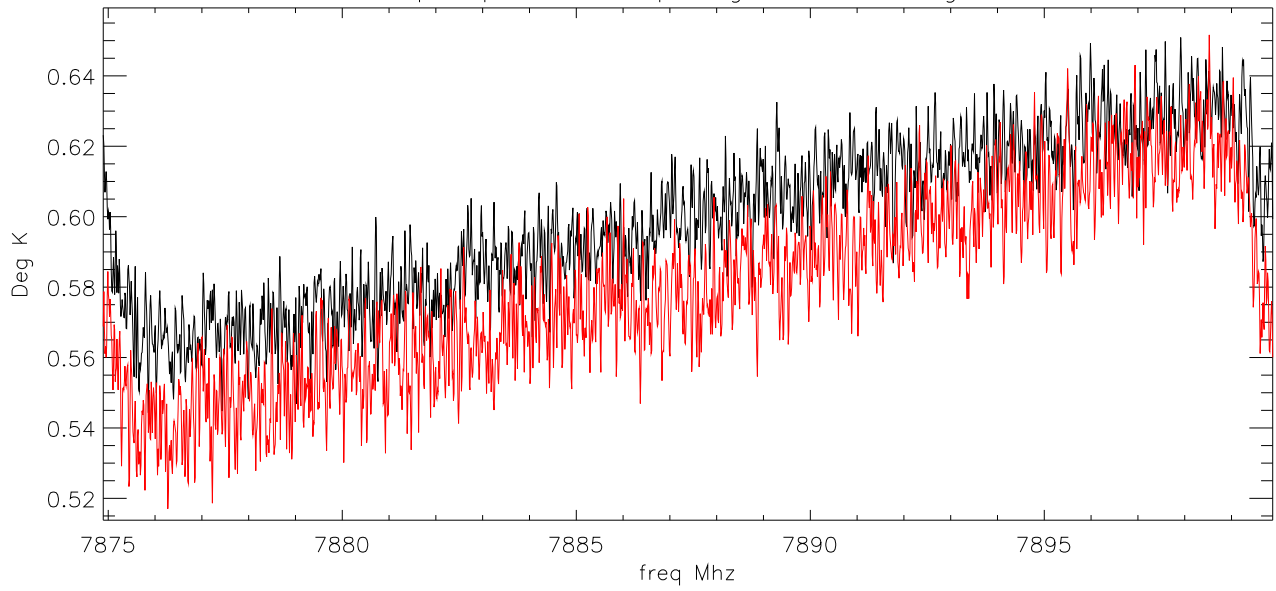

rms/mean (along freq channel) for each pattern (overplotted)

3C256 3 patterns. Avg pols and baseline. rms spc: 0.006 K

polA,polB before polAvg and baselining

rms/mean (along freq channel) for each pattern (overplotted)
