

4C+34.34 2 patterns. Avg pols and baseline. rms spc: 0.007 K

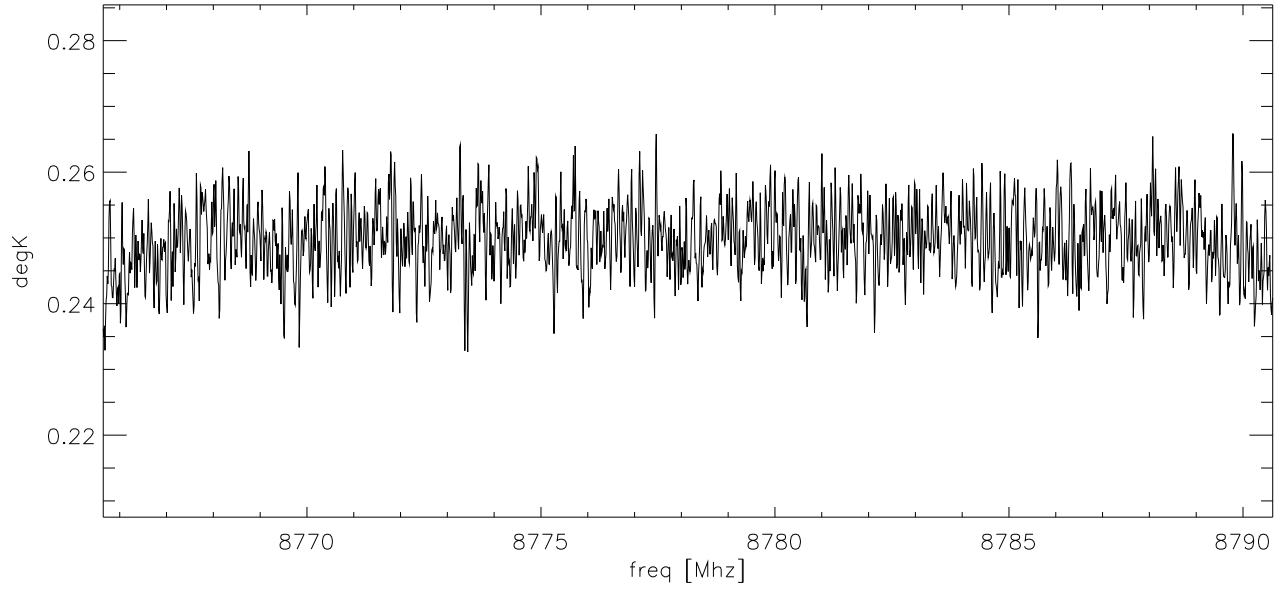

polA,polB before polAvg and baselining

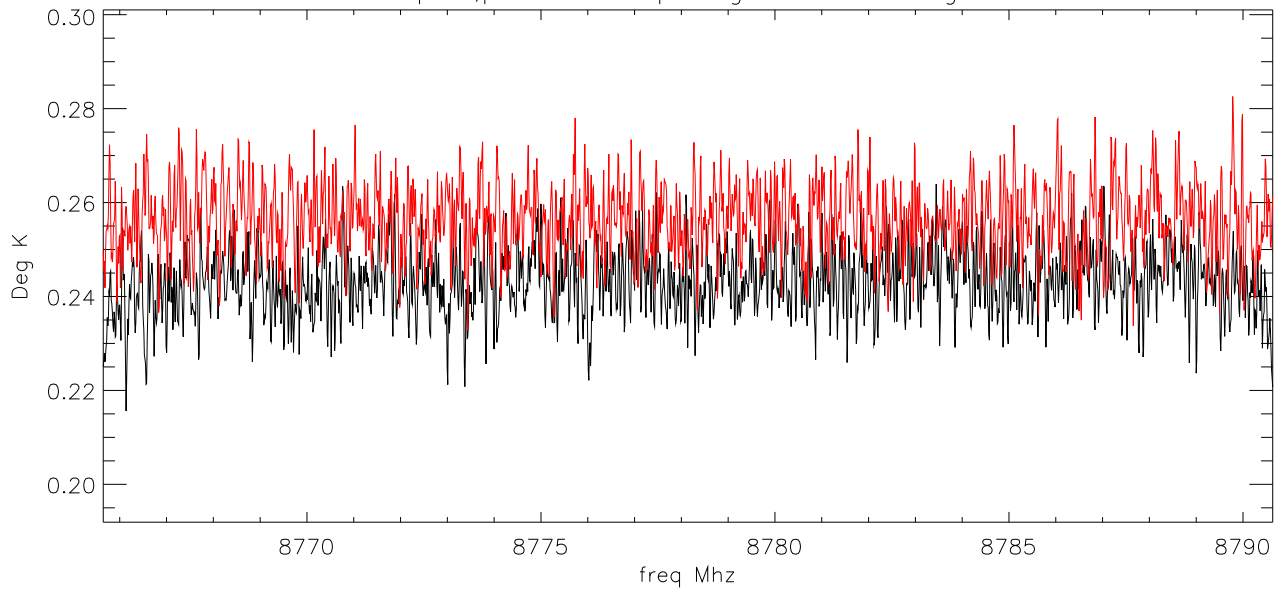

rms/mean (along freq channel) for each pattern (overplotted)

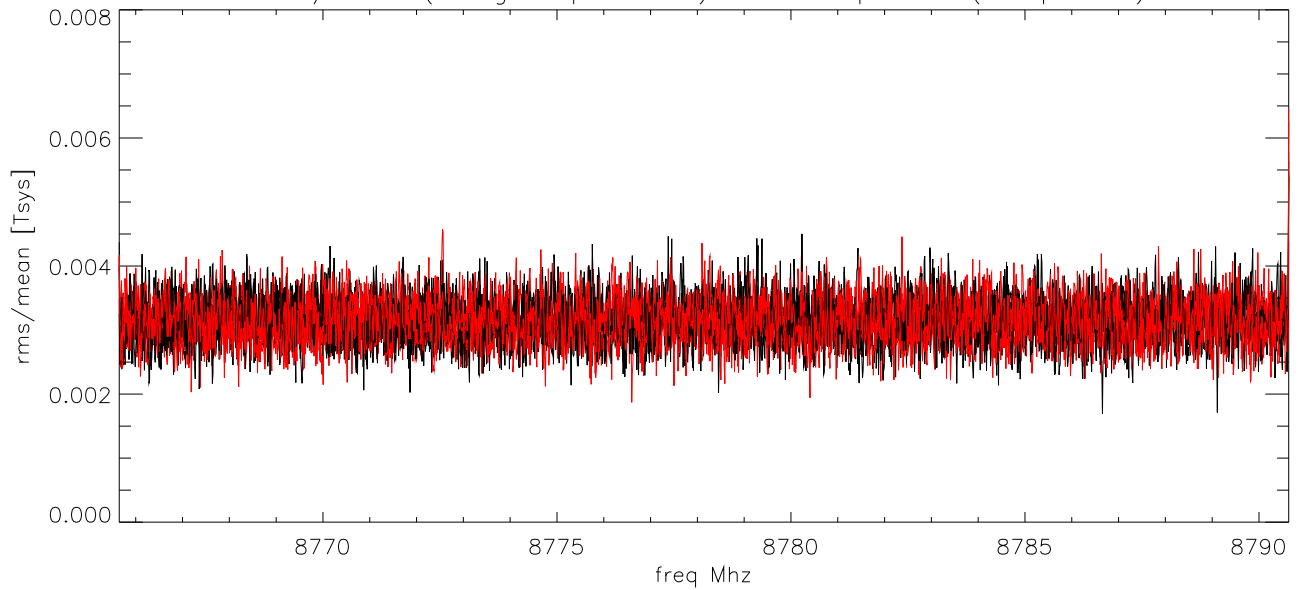

4C+34.37 4 patterns. Avg pols and baseline. rms spc: 0.005 K

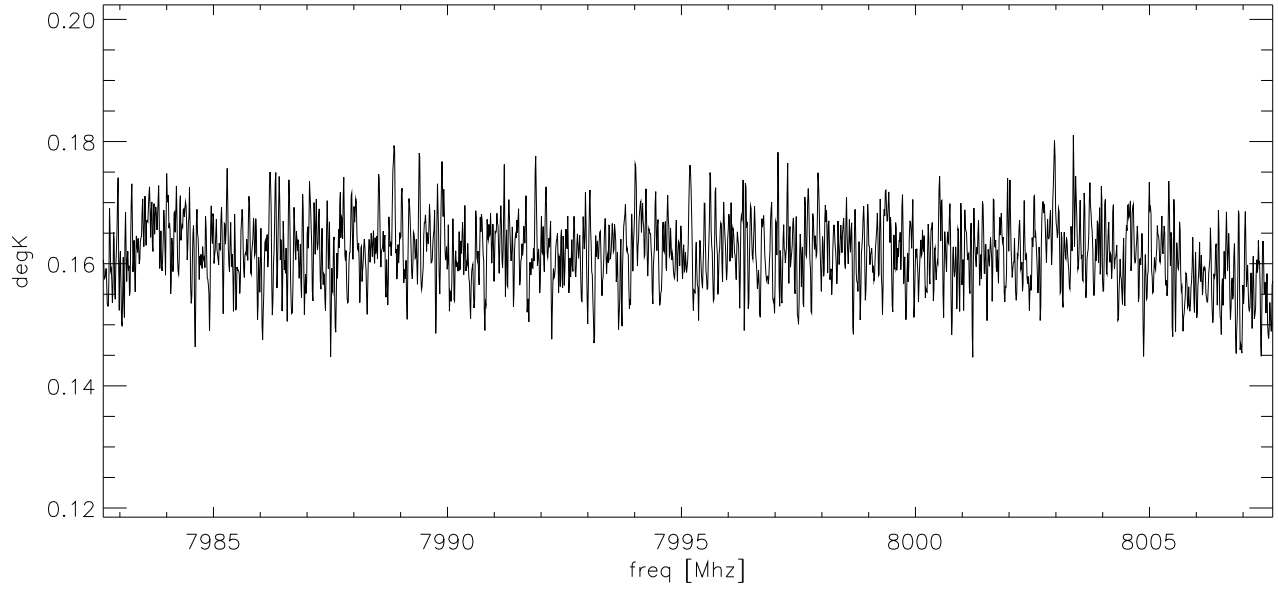

polA,polB before polAvg and baselining

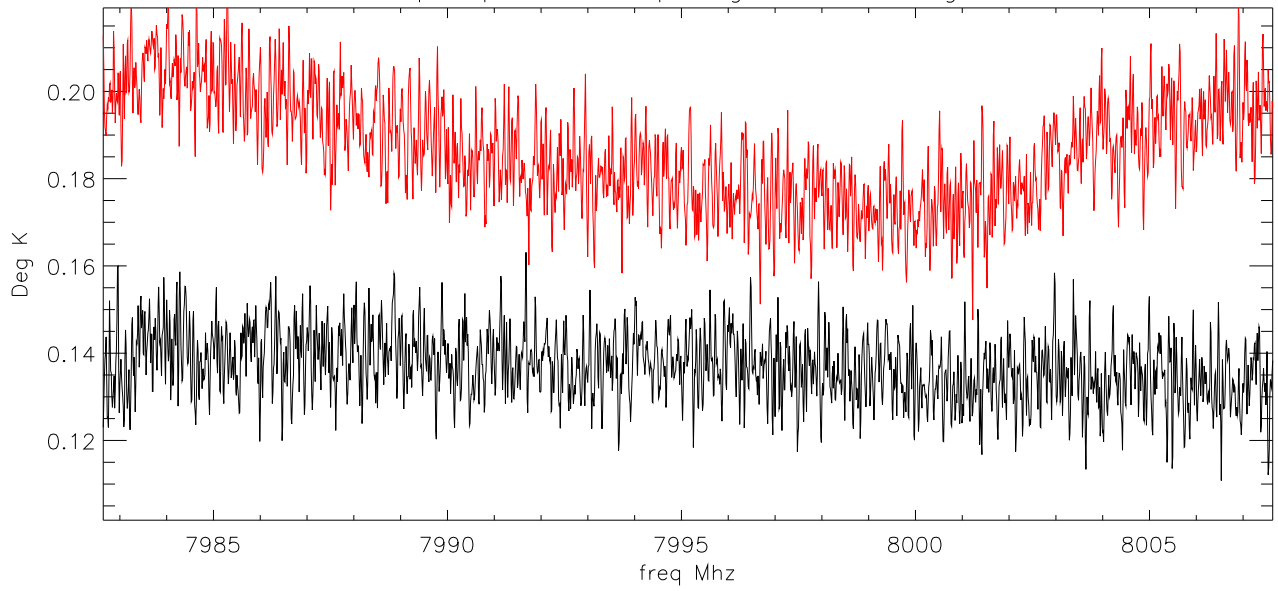

rms/mean (along freq channel) for each pattern (overplotted)

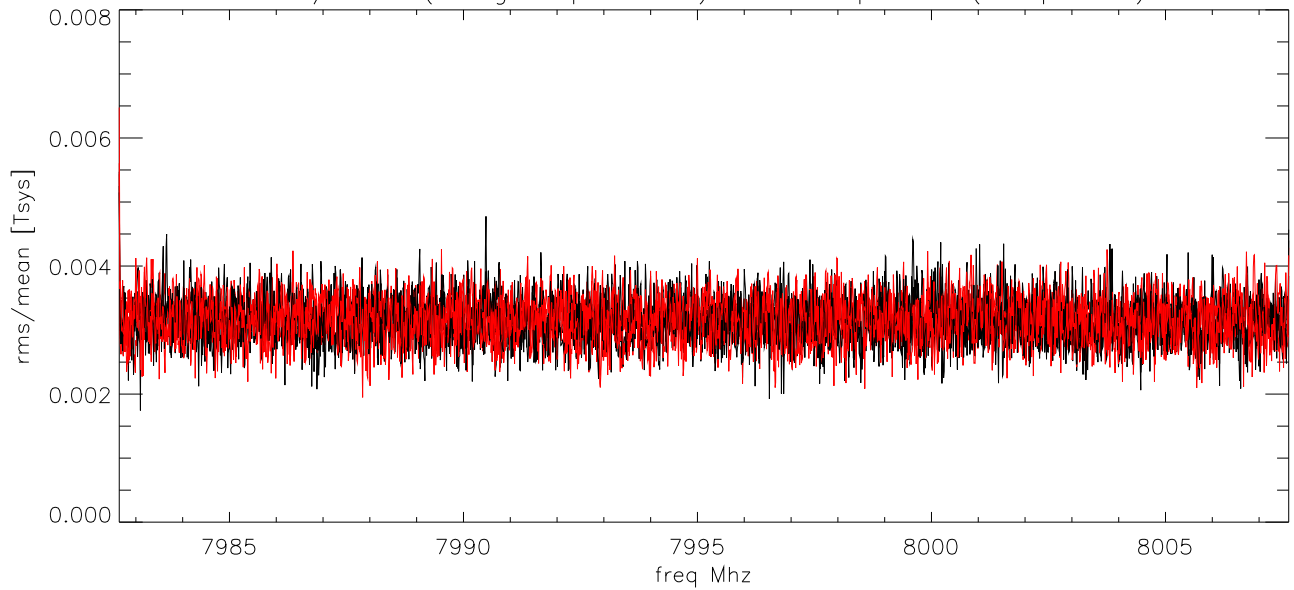

4C+35.26 3 patterns. Avg pols and baseline. rms spc: 0.005 K

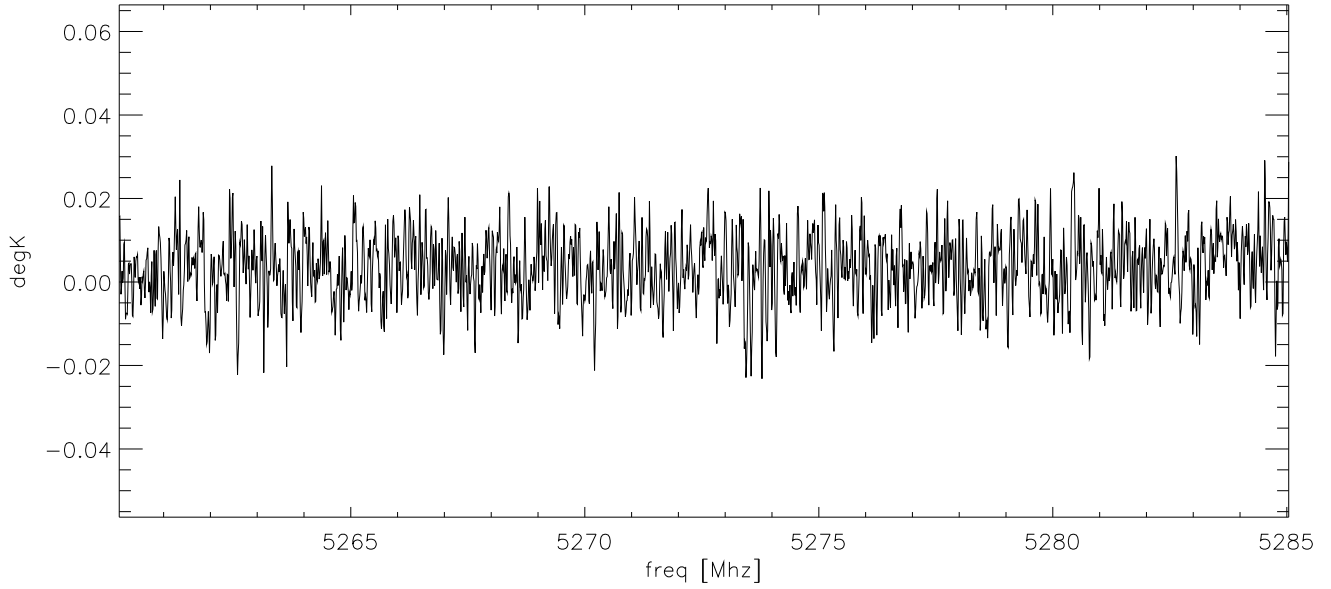

polA,polB before polAvg and baselining

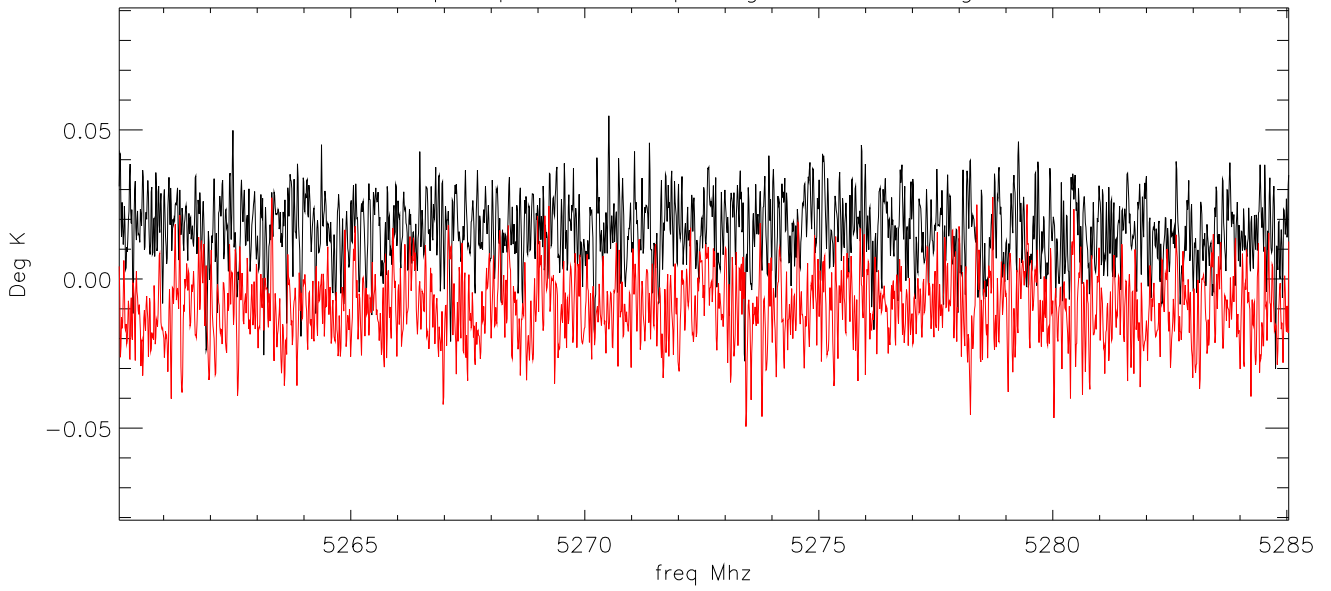

rms/mean (along freq channel) for each pattern (overplotted)

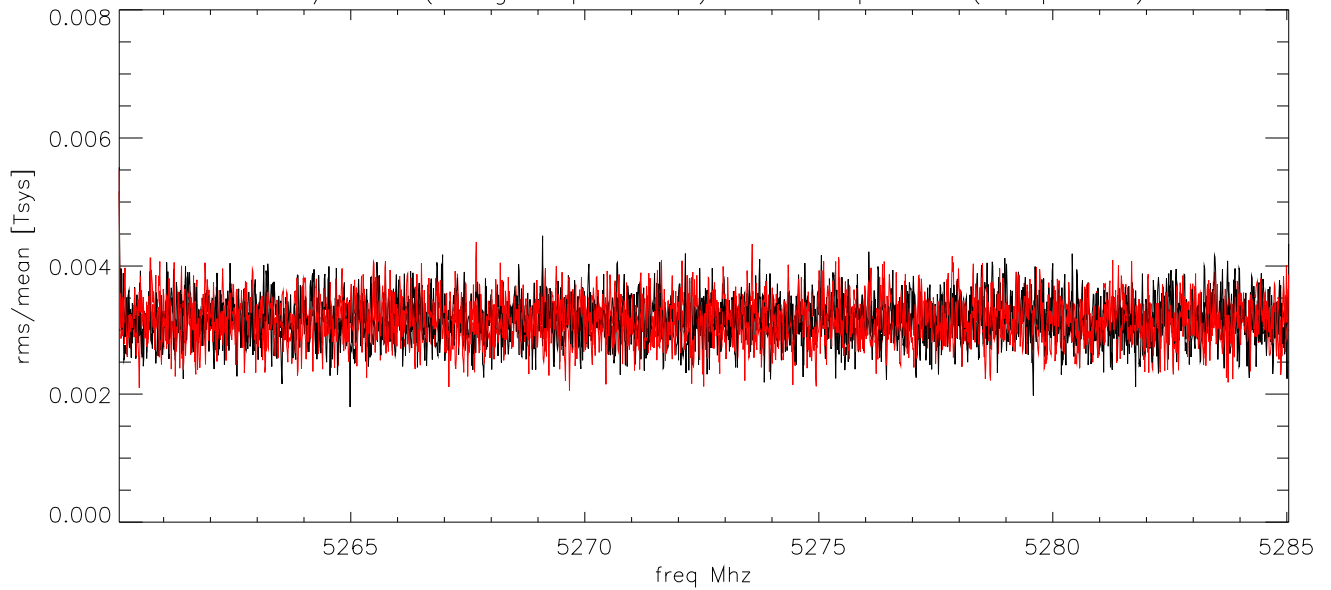

7C1121+3157 2 patterns. Avg pols and baseline. rms spc: 0.008 K

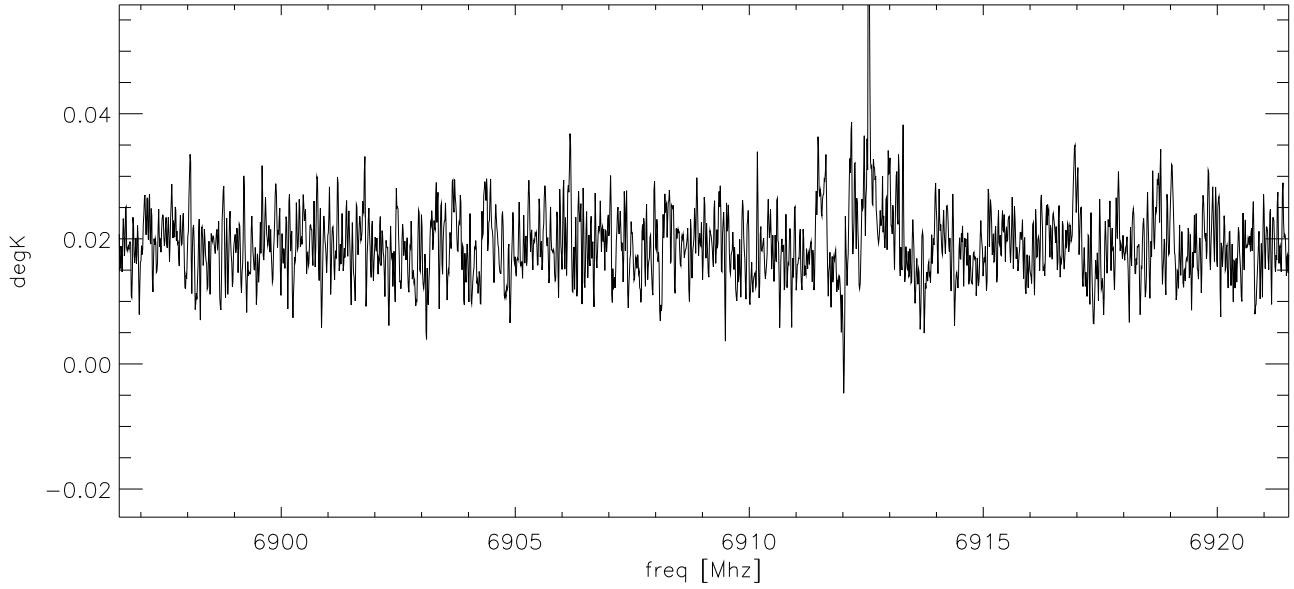

polA,polB before polAvg and baselining

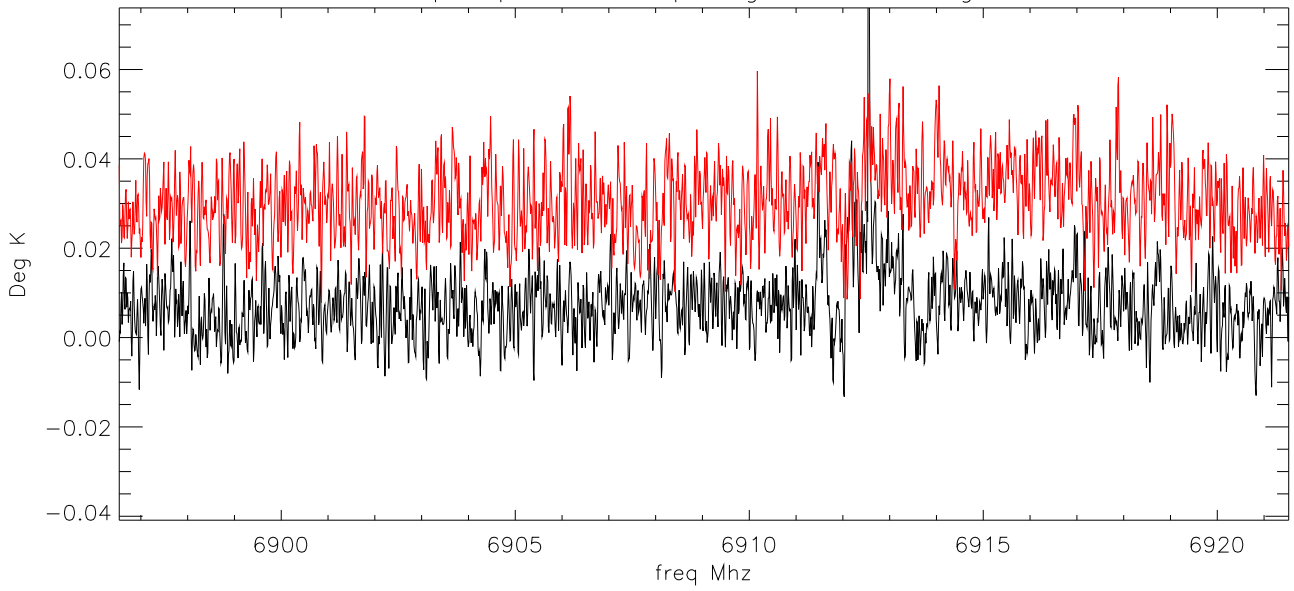

rms/mean (along freq channel) for each pattern (overplotted)

87GB082540 3 patterns. Avg pols and baseline. rms spc: 0.005 K

polA,polB before polAvg and baselining

rms/mean (along freq channel) for each pattern (overplotted)
